Automotive

In 1946, W.M. Barr introduced Klean-Strip non-flammable paint remover. Now more than seven decades later, Klean-Strip is recognized as a leader in automotive refinishing products.

The Origin of Klean-Strip®

We offer the finest auto refinishing products available. Professional car care specialists know they can depend on the consistent quality of our products. And with distribution facilities in Tennessee, we can service accounts fast and efficiently anywhere in the U.S.

Today, Americans love their cars just as much as they did in 1946. That's why Klean-Strip is committed to delivering superior products for professionals and DIY'ers that enhance productivity and deliver performance and value.

Klean-Strip, Bulldog, Aircraft, Naked Gun, Prep All, Mask & Peel, Peeler, Goof Off and Klean-Strip Green are Trademarks or Registered Trademarks of W.M. Barr and Co., Inc.

AIRCRAFT[®]

Aircraft Decal & Adhesive Remover

EAD909 – 15 oz Aerosol

Aircraft[®] Decal & Adhesive Remover lifts decals and adhesive residue from automotive finishes, glass, chrome or metal bumpers. Nationally VOC Compliant.

⚠ WARNING: This product can expose you to chemicals, including Ethylbenzene and Cumene, which are known to the State of California to cause cancer, and Methanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.

Aircraft Non-Methylene Chloride Paint Remover

EAR2000 – 15 oz Aerosol

QAR2000 – Quart

GAR2000 – Gallon

Professional-grade Aircraft[®] is a non-methylene chloride product specifically formulated to remove tough automotive 2K urethanes and epoxy finishes. Safe for use on metal, aluminum and most automotive plastics. This patent-pending formula strips to bare metal in 45 minutes or less and is VOC Compliant.

- For Use on Metal, Fiberglass, Flexible & Rigid Plastics
- Patent Pending

Aircraft Ultra Paint Remover

PATENT PENDING

GAR4000 – Gallon

QAR4000 – Quart

EAR4000 – 15 oz Aerosol

⚠ WARNING: This product can expose you to chemicals including Cumene and Ethylbenzene, which are known to the State of California to cause cancer and Methanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

* Works on most coatings within 30 minutes. Studies have shown many finishes lifted to bare metal in about 15 minutes. Times vary based on coating type and temperature.

Not for sale in CA, CO, CT, DE, NH, MD, MI, NY, OH, RI and UT.

NEW

BULLDOG® MULTI BOND ADHESIVE™

- **Instant Grab**
- **Strong, Flexible Bond**
- **Multi-Surface**
- **Paintable**
- **Can Be Applied When Wet**
- **Precision Applicator**

Bulldog Multi-Bond Adhesive

EBDA001 – 6 oz

Introducing Bulldog® Multi-Bond™ Adhesive, the one product you need for hundreds of applications! Bulldog's precision applicator lays down professional grade adhesive that stubbornly grips, creating a permanent bond on virtually any surface. Use Bulldog for most repair needs including attaching accessories, seam sealing, and minor crack repair on metal, fiberglass and even plastic surfaces.

BULLDOG®

WHY IT STICKS

Bulldog gets its grip from our special one component formula, which penetrates into the surface and bonds with the substrate. Proprietary resins dry to a coating on the surface, providing excellent adhesion to paint, clearcoats, primers and other coatings.

Bulldog Adhesion Promoter

QTP0123 – Quart

GTP0123 – Gallon

Bulldog Adhesion Promoter is designed to promote paint adhesion to automotive surfaces including all flexible or rigid plastics, fiberglass, glass, vinyl, and painted surfaces. Bulldog also acts as a mid-coat adhesion promoter, a flex agent and can be tinted with the basecoat for additional coverage.

Not for sale in CA, DE, MD, UT.

ETP0123B – 15 oz Aerosol

Bulldog Adhesion Promoter Aerosol is designed exclusively to promote adhesion to polyolefin plastics, and is compliant for sale and use in all states. The convenient one-component aerosol is perfect for spot repairs and dries in 5 minutes. It also has an adjustable nozzle for a variable spray pattern.

⚠ WARNING: This product can expose you to chemicals including Ethylbenzene and Styrene, which are known to the state of California to cause cancer, and Toluene, which is known to the state of California to cause birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.

Bulldog VOC Compliant Adhesion Promoter

QTP0125 – Quart **GTP0125** – Gallon

Bulldog VOC Compliant Adhesion Promoter has the same features and benefits of our current Bulldog Adhesion Promoter. It is a patent-pending, one component formula that promotes adhesion on all types of automotive plastic.

⚠ WARNING: This product can expose you to chemicals including Ethylbenzene and Styrene, which are known to the state of California to cause cancer and Toluene, which is known to the state of California to cause birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.

Complies with South Coast AQMD Rule 1151

Not for sale in Bay Area AQMD, Imperial Co APCD, and San Diego APCD

Bulldog Abrasive Prep & Clean

EPC535 – 7.6 lbs **PPC535** – 16 oz

Reduce 1-3 steps in bumper prep by using Bulldog Abrasive Prep & Clean. It is an advanced emulsion, combining water and solvent technologies, and is excellent for use with the Bulldog family of adhesion promoters. It removes wax and grease from the surface, and is the only paste that effectively removes the mold release agents that can cause fisheyes and peeling. It is an excellent blend prep and eliminates the need for soap and water, sanding and anti-stat/cleaning solvents.

⚠ WARNING: This product can expose you to chemicals including p-Chloro- α,α,α -trifluorotoluene (PCBTf), which is known to the State of California to cause cancer. For more information, go to www.p65warnings.ca.gov.

Discover the Many Uses of Bulldog!
