

PREP-ALL® ULTRA™ Universal Surface Cleaner

Technical Data Sheet

GPAC500

Gallon Liquid

Introducing the new PREP-ALL® ULTRA™ Universal Surface Cleaner – an innovative emulsion with all the cleaning power of a solvent in a low VOC formula.

- Removes Wax, Grease, Fingerprints, Mold-Release Agents and Other Contaminants
- Multi-Surface
- Stays Active Longer – Dries Fast
- Anti-Stat
- No Residue
- No Drips, No Mess
- Non-Flammable, Low Odor
- Can Be Used in a Pump Sprayer
- VOC Compliant in all States

DIRECTIONS FOR USE

Carefully read the entire product label and precautions on the SDS prior to use. Protect hands with solvent-resistant gloves and eyes with chemical splash goggles.

1. Shake Well.
2. Pour onto surface or apply using a pump-spray bottle.
3. Using a clean lint free cloth, wipe surface to remove contaminants. Turn cloth frequently to ensure a clean side contacts the surface.
4. Follow with a clean, dry cloth as a final wipe to ensure surface is dry.

NOTE: Do not allow product to freeze. This product may not be compatible with all surfaces and all conditions surrounding application. Before applying to any surface, always test product in a small, inconspicuous area to ensure no damage will result. Do not use on freshly painted surfaces. Ensure paint has

cured in accordance with paint manufacturers' instructions. Do not use on metal or plastic surfaces that are hot to the touch. For best results, apply at temperatures between 65°F and 90°F, and avoid direct sunlight or strong breezes.

TIPS FOR SUCCESS

1. When using pump sprayer: Shake well before adding to the sprayer. Add product to sprayer, replace lid and pressurize to get a fine atomization. Product may settle over time, so if left in the sprayer over a week it will need to be gently shaken or agitated before use.
2. Always follow the pump sprayer manufacturer's instructions for use, storage and clean-up.
3. For best results, clean the surface by wiping in a single direction.

GPAC500 TECHNICAL DATA	
Appearance	Opaque white liquid (lotion like consistency)
Percent Volatile	>99%
Flash Point	N/A
CPSC Flammability Classification	Non-flammable
VOC Category/Limit	General Purpose Degreaser, 0.5% by weight
Actual VOC	0% (based on CARB calculation)
Storage	Keep from freezing (< 32F). Store between 40-100F.
Density	8.18 lbs./gal.
Shelf Life	2 years from date of manufacture, in an unopened container
DOT	PAINT RELATED MATERIAL, NOT REGULATED
Restrictions	None
